

UTKARSH GOEL

Aspiring Data Engineer | Data Analyst | Business Analyst

info.utkarshhgoel@gmail.com | 8630697425 | [LinkedIn](#) | [GitHub](#) | [Claritus Elite \(Live Site\)](#)

PROFESSIONAL SUMMARY

Business Analytics undergraduate skilled in SQL, Python, ETL, and Data Warehousing (Medallion Architecture), with hands-on experience building data pipelines, dashboards, and a full-stack production website. Completed job simulations with Tata, Deloitte, and Accenture in data analytics, GenAI insights, and strategy consulting. Fast learner focused on data-driven decision-making, seeking an entry-level role in Data Engineering, Data Analytics, or Business Analysis.

SKILLS

Technical: SQL, Python, Data Warehousing, ETL, Data Modeling, Data Architecture, REST APIs

Tools: Tableau, Power BI, MS Excel (Advanced), PowerPoint, Word

Analytical & Business: Data Interpretation, GenAI Insights, Stakeholder Management, Client Communication, Decision Making

EDUCATION

Course	Year	Institute	Score
BBA, Business Analytics	2026 (Exp.)	Galgotias University	7.50 / 10 CGPA
Class XII, CBSE	2022	BK Sr. Sec. School	80%
Class X, CBSE	2020	BK Sr. Sec. School	70%

PROJECTS

SQL Data Warehouse & Analytics Project

Personal Project · [GitHub](#)

- Built an end-to-end SQL Server data warehouse using Medallion Architecture (Bronze, Silver, Gold layers) with ETL pipelines.
- Cleaned and transformed raw data in the Silver layer, then modeled fact/dimension tables in a Gold-layer star schema for analytical reporting.

Claritus Elite Advocate & Solicitors — Full-Stack Website

Freelance · [Live](#)

- Independently designed, developed, and deployed a full-stack law firm website (front end, back end, database) from scratch to production.
- Integrated an email-linked contact form, purchased and configured the domain, and implemented on-page SEO.

Event Volunteer Marketplace

App Concept

- Designed a two-sided marketplace concept connecting event organizers with student volunteers, with separate posting and application panels.

FREELANCE EXPERIENCE — EVENT MANAGEMENT

Team Coordinator — WedField

April 2024

- Coordinated a cross-functional team of 10+ vendors and logistics staff, improving operational efficiency ~20% through structured planning and stakeholder communication.

Client Relationship Manager — Yasho Bhoomi

March 2024

- Managed end-to-end client relationships and an 8+ member team, improving task-completion efficiency ~15% via clear communication and planning.

JOB SIMULATIONS & CERTIFICATIONS

Tata — GenAI Powered Data Analytics Job Simulation

Forage · Aug 2025

- Performed EDA and risk profiling on a customer dataset; built an AI-driven collections strategy with a data-backed business report.

Tata — Data Visualisation: Empowering Business with Effective Insights

Forage · Aug 2025

- Framed a business scenario and built dashboards/visuals to support executive decision-making.

Deloitte — Data Analytics Job Simulation

Forage · Jul 2025

- Completed practical tasks in data analysis and forensic technology.

Accenture (Australia) — Strategy Consulting Job Simulation

Forage · Aug 2025

- Prioritized client initiatives, analyzed data for web page changes, and built a dashboard to answer client questions.

Excel: Beginner to Advanced (Udemy) · Data Analytics (OneRoad)

Certifications

- Advanced Excel (Pivot Tables, VLOOKUP, INDEX-MATCH) and a scenario-based data wrangling & visualization assessment.
